

GREEN SCENE HOME INSPECTIONS

Home Buyer's Checklist

Use this checklist to make notes on each of the most important areas of the house. Start with the big top 5: roof, HVAC, plumbing, electrical, foundation. Then fill in Interior, Exterior, and Efficiency on the back.

ROOF

--

HVAC

--

PLUMBING

--

ELECTRICAL

--

FOUNDATION

--

INTERIOR

EXTERIOR

YARD/LANDSCAPING

ENERGY EFFICIENCY

Check insulation, windows, water heater, pool equipment, house orientation, heating equipment, AC equipment, ducts, attic ventilation, and air infiltration.
New or old? Energy efficient or needs work?
